

SPECIFICATION & DATA SHEET

MEDICAL ACCESSORIES

In addition to the design and installation of medical plant piped gas distribution systems, MIPS has supplied a vast array of accessories to the medical industry for more than 40 years. These include:

- Flowmeters & Accessories
- Suction Controllers & Units
- Safety Jars & Antibacterial Filters
- Anti-static hoses
- Humidifiers
- Collection Jars

Suction Controller

All MIPS products are designed and manufactured to ensure an end product that is both reliable and durable.

The right is reserved to change the specification of the items described herein at any time.
